Test Strips

Our Test Strips provide a fast, easy, and reliable way to measure key water quality parameters. Designed for professionals and non-technical users alike, these strips deliver accurate results within seconds, making them ideal for on-site testing. Compact and portable, they are suitable for a wide range of applications, from industrial systems to environmental monitoring.

- Relatively Hazard free.
- Rapid and easy tests.
- Always to hand.
- Semi quantitative results.

Test strips offer quick, clean results without the fuss of reagents or tablets. Their dip and compare method makes them a popular choice for many applications where speed and simplicity are most important.

If the parameter or range you require is not listed please contact us for more options.
